

MAHANANDA MALLIKARJUN

Data Analyst | Power BI Developer | MIS Analyst | SQL | Python | Excel

Bangalore, India | +91 8217316209 | mahananda.m209@gmail.com | linkedin.com/in/mahananda-rasure-031b64162 | GitHub | Portfolio

PROFESSIONAL SUMMARY

Data Analyst, Power BI Developer, and MIS Analyst with 4+ years of total experience — including 4 years at DXC Technology (Fortune 500 IT Services) delivering operational data analysis, KPI reporting, dashboard development, and reporting automation at scale. Proficient in Power BI (DAX, Power Query, Data Modeling), Advanced Excel (Pivot Tables, VLOOKUP, XLOOKUP, Power Query), SQL (PostgreSQL, MySQL), and Python (Pandas, NumPy). Proven track record of analysing 500K+ operational records, improving reporting accuracy by 20%, reducing manual reporting effort by 25%, and achieving 99% data accuracy across recurring business deliverables. Engineered an end-to-end automated ETL pipeline reducing manual reporting time from 3+ hours to under 1 minute using Python, SQLAlchemy, PostgreSQL, and GitHub Actions. Recognised with DXC H23 Collab Award and FY-22 Q3 Champs (Star Performer of Account) for high-quality delivery and operational excellence.

TECHNICAL SKILLS

- **MIS & Reporting:** MIS Report Generation, KPI Dashboard Development, SLA Performance Reporting, Operational Analytics, Reporting Automation, Data Quality Management, Trend Analysis
- **Power BI:** Dashboard Development, DAX (Advanced Measures, KPI, Time Intelligence), Power Query, Data Modeling, Interactive Reports, Drill-through, Conditional Formatting
- **Advanced Excel:** Pivot Tables, Power Query, Advanced Formulas, Data Cleaning, Dashboard Design, Automated Reporting
- **SQL & Databases:** SQL (Joins, Aggregations, Subqueries, CTEs), PostgreSQL (pgAdmin, NeonDB), MySQL, SQL Workbench, AWS S3
- **Python & Analytics:** Python — Pandas, NumPy; ETL Pipeline Development, SQLAlchemy, Exploratory Data Analysis (EDA), Data Cleaning, Statistical Analysis
- **Tools & Platforms:** Tableau, GitHub, GitHub Actions, Jupyter Notebook, ServiceNow, Google Sheets, PowerPoint, Generative AI (ChatGPT, Claude)
- **Core Competencies:** Root Cause Analysis (RCA), Data Validation, Stakeholder Communication, Requirement Gathering, Cross-functional Collaboration, Documentation

PROFESSIONAL EXPERIENCE

Data Analyst Intern

Oct 2025 – Dec 2025

NullClass Private Limited | Bengaluru, India | Analytics & EdTech

- Developed **3+ Power BI dashboards** visualising **10+ KPIs** including trend analysis and business performance metrics — enabling faster data-driven decisions for stakeholders.
- Gathered, cleaned, and analysed datasets using Python, Excel, and Google Sheets — performing structured data analysis and translating analytical outputs into actionable recommendations across 2+ stakeholder teams.
- Performed **3-stage data validation checks** across all datasets — maintaining **98%+ data consistency and accuracy** across all published reports and dashboards.

MIS Analyst

Jun 2020 – Jul 2024

DXC Technology | Bengaluru, India | Fortune 500 — Global IT Services

- Analysed and validated **500K+ operational records** using Excel and SQL — improving reporting accuracy by **20%** across infrastructure reporting workflows.
- Built **10+ Excel dashboards and KPI reports** using Pivot Tables and Power Query — enabling faster operational and SLA performance monitoring for management decision-making.
- Automated recurring MIS and reporting workflows using Advanced Excel functions — reducing manual reporting effort by **25%** and improving reporting turnaround time.
- Performed structured audit checks and data validation activities — maintaining **99% data accuracy** across recurring business and operational reporting deliverables.
- Supported migration of **100K+ infrastructure records** from on-premises systems to AWS S3 — ensuring secure and reliable reporting accessibility post-migration.
- Maintained detailed documentation frameworks and collaborated with **3+ cross-functional teams** to support reporting governance, scheduled refresh reliability, and standardised analytics delivery processes.

Front-End Developer

Jun 2019 – Nov 2019

MCWare Technologies | Bengaluru, India | Technology Services

- Managed full website development lifecycle (design, develop, test, deploy) using HTML, CSS, and JavaScript — collaborated with internal teams to translate requirements into functional, usable web applications.

KEY PROJECTS

End-to-End Automated Sales Analytics Pipeline — *Python | SQL | Power BI | SQLAlchemy | PostgreSQL (NeonDB) | GitHub Actions*

- Automated ETL pipeline reducing manual reporting time from **3+ hours to under 1 minute** — eliminating manual data handling and spreadsheet dependency across the full reporting workflow.
- Enabled real-time business decision-making by delivering automated Power BI dashboards connected to a live PostgreSQL database with **100% pipeline reliability** via GitHub Actions automation — zero refresh failures.

Customer Trends Data Analysis — *SQL | Python | Power BI | DAX | Data Modeling*

- Analysed revenue, discount impact, and purchasing behaviour using PostgreSQL — discovered returning customers purchase **5x more than new users**, enabling targeted retention strategy.
- Performed customer segmentation and retention analysis — identified that **73% non-subscribers** represent high subscription growth potential and that ages 25–40 contribute the highest revenue.

Bank Loan Analytics Dashboard — *Power BI | DAX | Data Modeling*

- Built an interactive Power BI dashboard tracking KPIs including loan status, funded amount, and interest rate — designed DAX measures for average loan rate, performance breakdown, and executive reporting.

AWARDS & RECOGNITION

- **DXC H23 Collab Award** — Recognised for high-quality delivery and operational excellence, DXC Technology
- **FY-22 Q3 Champs Award — Star Performer of the Account**, DXC Technology
- **Mentored junior team members** — improving analytical understanding and team productivity across the reporting function

CERTIFICATIONS & TRAINING

- **Data Science & Artificial Intelligence** — Boston Institute of Analytics, Mumbai | Feb 2025 – Aug 2025
- **India AI Summit – Buildathon Participant (National Level)** — HCL GUVI India | Feb 2026

EDUCATION

Bachelor of Engineering — Computer Science

Jun 2017 – Sep 2020

Dayananda Sagar College of Engineering, Bangalore
